

1 **THE SILICON VALLEY TEXT MESSAGE LEAKS SHOW WHO THE CARTEL MEMBERS ARE**

2
3
4 Herein a 151 page document, are the text messages and listed names of the non-
5 Congressional members of the Silicon Valley Cartel who control and direct the United States
6 Government employees and contractors, and benefit therefrom, in this matter. This document was
7 produced by some of the largest law firms in the world via one of the largest legal investigation
8 efforts ever undertaken. This document proves Plaintiff assertions that the stated parties conspire
9 together, lie and manipulate efforts to control markets and public policy affecting Plaintiff and
10 hundreds of millions of citizens. This submission is TWO PDF documents.

11
12 White House staff and their families, United States Senators and their families and
13 government heads and their families illicitly make legislative rules, regulations, decisions, laws and
14 policy based on how much money in profits they will make off of their *personal* stock market,
15 career position and asset investments. They sabotage competitors, in violation of antitrust, RICO
and other laws

16
17 Those public servants, and their family members, shared those schemes with Plaintiff, not
18 realizing that Plaintiff reports to law enforcement entities. Plaintiff held U.S. awarded patents,
19 companies and products which competed with and obsoleted the products that the crooked
20 politicians covertly owned. In exchange for competing with, and reporting the crimes of, these
notorious politicians, United States government officials used United States government, taxpayer
financed, resources to attack, harm and sabotage the income of Plaintiff.

21
22 There are now a vast number of federal laws moving through Congress in recognition of
these facts (ie: THE STOCK ACT, The Elizabeth Warren laws, etc.)

23
24 As of today, thousands of news report investigations, Congressional hearings, Court records
and Congressional research reports have proven that many United States Government officials have
25 a scheme to exploit the government for personal profiteering at the expense of taxpayers like
Plaintiff.

26
27 No party can ever use the misdirect of calling the assertion a “conspiracy theory” as the
assertion is now backed up by more forensic facts than this Court has ever seen. It is not a “theory”

1 when one has millions of pages of indisputable hard-evidence third-party produced FACTS, such as
2 Plaintiff has provided.

3 These days, every citizen has the same research database resources as the FBI, CIA, NSA,
4 FINCEN, INTERPOL and KGB, **combined**. It is easy for any public researcher to use: A.)
5 ICIJ.ORG's Panama Papers, Swiss Leaks and CPA databases; B.) The Axciom database; C.) The
6 PACER database; D.) The XKEYSCORE derivative database; E.) Kroll database; F.) Stratfor
7 Database, ; G.) TransUnion's TLOxp database, and Accurint (from LexisNexis), Clear (Thompson
8 Reuters), Delvepoint. DataTrac, IntelliCorp, BeenVerified, Intelius, Pipl and Spoke.. etc. which are
9 easily cross referenced to show which public figures did which crimes with which sociopath Silicon
10 Valley oligarchs. The old adage of "follow-the-money", has never been easier and the money has
11 now been followed by the FBI, DOJ, SEC, FCC, FTC, FEC and many other law enforcement and
12 regulatory entities.

13 The United States Government harmed Plaintiff in the manners listed in the original
14 complaint. Plaintiff is owed compensation for the harms listed.

15 It is impossible for Defendants to any longer deny these facts that are on every news outlet
16 in the world. Hunter Biden, Dianne Feinstein, Nancy Pelosi, Kamala Harris, and other notorious
17 politicians, are well documented having: A.) Owned Plaintiff's competitors, B.) lobbied intensely
18 for public policy which exclusively benefited those competitors that they owned, C.) hired attack
19 services like Fusion GPS, Black Cube, John Podesta, Gizmodo Media, Google, etc., D.) threatened
20 Plaintiff via their staff, E.) ordered 'favored nations' status in government process for just their
21 friends, F.) engaged in covert stock market manipulations with those competitors and against
22 Plaintiff, G.) been placed under surveillance by law enforcement and intelligence services who have
23 evidence of the criminal acts of those public officials, H.) other compromising conflict-of-interest
24 metrics which validate the illicit actions of those government representatives.

25 Plaintiff, and his peers, have placed all of the evidence proving these crimes and illicit
26 activities by public officials on public Court records and internet servers around the globe forever.
27 These records are available for any citizen sleuth or forensic investigator to continue the
28 investigation and prosecution of the corrupt individuals that have damaged our Democracy.

Even though tens of millions of dollars of vast resources have been expended by the crooked
politicians to dismiss, delay, defer, distract and obfuscate this case, it will never go away for them.

In that respect, Plaintiff has won!

When Plaintiff is dead, any single citizen among the 8 billion people that now reside on the
planet can pick up the gauntlet and move forward in these investigations and corruption

1 interdiction's. All of the “*How To*”, *Do-It-Yourself*, forensic and citizen sleuth investigation
2 instructions are now published online, in hundreds of thousands of locations, using un-deletable
3 torrent and file segmentation technology. Anybody, ANY MEMBER OF THE PUBLIC, now has
4 the resources, software, tools and peer-to-peer networking to join with any other citizens to take
5 political corruption to it’s knees. James Bronkema, Gary D. Conley, Rajeev Motwani, Tom Perkins,
6 James Damore, Frances Haugen, the deepest members of the Feinstein and Pelosi families and
7 White House staff have shared (Some of it recorded) the ‘dirty secrets’ of how the schemes all
8 work. Now the public knows, too.

9 Plaintiff is simply seeking his harms and back-pay compensation, now, since the facts of the
10 assertions have been proven by many others.

11 Onward and upward!

'Deeply disturbing' video appears to show a Tesla in full self-driving mode repeatedly running over a child-sized mannequin in 'controlled test conditions'

Safety campaign group The Dawn Project said the vehicle hit the stationary dummy over and over again at an average speed of 25mph during an experiment carried out

on a test track in California.

Elon Musk announces Neuralink's 'show and tell' event on Halloween to give the first brain implant progress since a monkey fitted with the device was announced to be dead in February

The Neuralink 'show and tell' is set to be held on October 31, but Elon Musk did not provide details of what the public could see. The billionaire has said that human trials would

begin later this year.
